To whom it may concern:

I am writing to recommend Advanced Precast Inc. to you as a qualified and reputable contractor. In addition to the relationship with Advanced Precast for over 20 years in our commercial/Industrial section we have worked with advanced over the past years on numerous hi-rise projects including The Rosewood, The Richmond and Upper Village.

We have found their work to always be extremely satisfactory and always done in a timely and professional manner. With our projects being somewhat challenging the Architect-Contractor coordination and communication provided by Advance Precast resolved many of the issues ahead of time.

Based on our experience with the company we can highly recommend the services of Advanced Precast Inc in any venture whereby each party expects perfection and proficiency.

Sincerely
